President's Message About the Awards

The Sussex County Chamber of Commerce Annual Quality in Business / Quality in Living Awards Program is one of the most direct ways to honor companies and individuals who have unconditionally provided exemplary service to the County.

They have been role models of idealism and integrity both in their ethical business practices and in the humanitarian lifestyles they have brought to this County. It is for these reasons that we, the Chamber, honor those who have set high standards for quality in business and living.

These are the companies and individuals who best exemplify our beliefs. These are the companies and individuals who are ambassadors-at-large throughout the County. Finally, these are the companies and individuals whom we honor tonight and say thank you for showing us what it means to be a Quality Award recipient.

Sincerely,

Tammie Q. Horsfield
