

BRIDGE MARINA

Want A Rewarding Summer Job?

Bridge Marina is seeking responsible, motivated and accountable team members who are interested in joining our customer service-centric, hospitality-style marina. Multiple opportunities available; we train and develop high-performing candidates that match our team values. All openings have potential for career growth.

We work outside in the fresh air, on the water, with fun people to deliver a unique and exceptional boating experience to our clients. Our work days are exciting and engaging, as well as financially rewarding. We offer a great wage and incentives!

We are seeking additional teammates who are:

- Responsible, motivated and accountable;
- Friendly and interested in helping others;
- Interested and able to work 25 hours per week or more, including weekends and summer holidays;
- Interested and able to work indoors and outdoors.

We also offer the following benefits and incentives to team members each season:

- Significant experience working in a fast-paced, hospitality-style marina;
- Assistance in obtaining your NJ Boater Safety Certificate, as well as instruction on how to operate boats safely;
- Great life experience;
- Our Bridge Marina Scholarship Program, awarded annually;
- Bonus for completing the season up until September 18th;
- Career opportunities available.

Boating experience in the boating industry is a plus, but not required. In fact, many of our applicants do not have any boating experience.

If a fun, engaging, and rewarding summer experience sounds good to you...

Please **EMAIL** us your resume and or short description of your interest and ability to info@bridgemarina.com. Please refrain from contacting us via phone until requested via email. We encourage you to check us out online at www.BridgeMarina.com.
