A MESSAGE ABOUT THE AWARDS

The Sussex County Economic Development Partnership, Inc.’s Annual Awards Program is a direct way to thank companies and individuals who have assisted economic development efforts in the County. They are leaders of economic development both in their ethical business practices and in the economic value they have brought to our area. It is for these reasons that we, the Sussex County Economic Development Partnership, Inc., honor those who have set high standards for quality economic development in Sussex County.

The program we are enjoying today is a celebration of a brand of economic development that works to preserve the environment and character of the County. The Awards Committee is proud to show public appreciation to all the award nominees and award recipients for their economic investment, dedication, and preservation efforts.

These are the companies and individuals who best exemplify our beliefs and will assist us in ensuring a balanced economic future for all who live, work and play in Sussex County. Thank you for supporting us in our economic development efforts.

Woman.

Take charge of your health.

The region’s only dedicated breast cancer center is open at Newton Medical Center. The Center for Breast Health takes breast cancer screening and detection to the next dimension with the detail and accuracy of 3D mammography. And you get your results immediately, so we can arrange for additional testing if it’s necessary. But state of the art technology isn’t the whole story, the Center for Breast Health also provides unmatched resources, education and an imaging navigator for support. All in a spa-like environment with soft, comfortable gowns and peaceful surroundings, instead of the paper gowns and changing rooms you’ve come to expect. We’ll even arrange to have past studies picked up from any location prior to your appointment. Because, after all, you’re not just a patient, you’re a person too.
