Development Partnership Invite You to

2019 Economic Outlook Forum

Tuesday, June 4, 2019 | 11:30 am – 2:30 pm

Sussex County Community College | Performing Arts Center
One College Hill Road, Newton, NJ 07860

The Economic Forum is intended to bring together businesses in Northern New Jersey to focus on business opportunities and challenges.

We will focus on economic trends affecting rural and exurban areas like Northern New Jersey. The economic engine that has powered much of the rest of New Jersey does not always reach into our area. What makes our area so desirable as a place to live can present unique challenges for attracting and growing businesses. The Economic Forum will explore those challenges and discuss how to turn challenges into opportunities.

The Program Includes A Networking Lunch
