Complete Step 5: Employment Details

In this section you will be asked about the presence of a disability, pension or other related pay, as well as how you were paid by your self-employment or other employer.

Complete Step 6: Submit Application

Complete Step 7: Record your confirmation number.

Begin collecting all income demonstrating documents, such as W-2s, 1099s, etc. from the past two years.

Add all of the employers not already listed that you worked for in the dates that auto-populate. Include all employment relationships: your own self-employment/business, a business where you were a corporate officer, other employers where you were paid on W2, or an entity, app, website, or other online platform for which you were an independent contractor, gig or platform worker.

What happens next:

Per federal rules, an applicant for Pandemic Unemployment Assistance (PUA) must first be assessed for traditional unemployment insurance benefit eligibility. If you are denied traditional unemployment benefits, you can always file an appeal, which takes time. Once denied, you are most likely eligible for benefits under Pandemic Unemployment Assistance since ineligibility for regular unemployment is a prerequisite for receiving these expanded benefits due to COVID-19.

In this case you will need to gather the last two years of your tax returns or other evidence of income history, which will be necessary for processing your claim. The Pandemic Unemployment Assistance benefits can be paid retroactively for periods of unemployment, beginning on or after February 2, 2020. Additional details will be posted online as they become available.

The New Jersey Department of Labor is currently working with the United States Department of Labor to develop the process to assess your application for this new federal program.
